

EARLY LEARNING DIRECTOR'S COLLABORATIVE

The Early Learning Director's Collaborative is a privately funded, nonprofit initiative to support early childhood education and childcare programs in Sarasota County, Florida. Through a collaborative model of director helping director, we provide leadership and professional development, financial guidance, and access to a substitute staffing pool for sites and programs of any size.

The Collaborative is an innovative approach to ensure early learning professionals have what they need to prepare children for kindergarten and beyond. The resources we offer to participating childcare providers include:

- A teacher recruitment campaign to place qualified candidates into open positions.
- A substitute teacher pool to provide trained temporary support to centers in need.
- Training and professional development opportunities for early learning educators.

OUR GOALS: Increase CLASS Scores
Increase staff members
Increase parent satisfaction
Decrease staff turnover
Decrease director burnout
Increase profitability

RESOURCES FOR YOU:

SUBSTITUTE STAFF SERVICES
Access to qualified and trained staff for short-term staffing needs.

STAFF RECRUITMENT SERVICES
Access to talent acquisition support.

LEADERSHIP TRAINING OPPORTUNITIES
Access to childcare experts, training, and mentorship.
